

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE
Transcriber's Office

January 29, 1999 LB 20, 317

only that circumstance and that circumstance only. Other than that, we'll take a look at it and talk again, or not, as the case might be, on Select File.

SPEAKER KRISTENSEN: Further debate? Senator Landis, you're recognized to close on advancement.

SENATOR LANDIS: Yes, I welcome Senator Lynch examining the issue and if we need an additional chance to talk before Select File I'll be happy to do that. There is no diminution of the existing standard of what constitutes a handicap in this bill. In other words, if you can get a handicap plate for a car, that standard, because it's mentioned in the statutes in Section 18-1736, I think, and you also have to have doctor's proof if necessary, that standard remains untouched. So there is no lowering or diminution of that standard to a broader variety of handicaps. The exact same reason that one could get a handicapped car license is exactly the same reason you could get a motorcycle handicap plate and, for that reason I'm satisfied with the effect of the bill. I'd ask for the advancement today and if we need to reexamine, happy to do that.

SPEAKER KRISTENSEN: You've heard the closing. The question before the body is the advancement of LB 20 to E & R Initial. All those in favor vote aye; all those opposed vote nay. Have you all voted? Please record.

CLERK: 31 ayes, 0 nays, Mr. President, on the advancement of LB 20.

SPEAKER KRISTENSEN: LB 20 advances. LB 317.

CLERK: (LB) 317, Mr. President, by Senator Brashear. (Read title.) Bill was introduced on January 12 of this year, that time referred to the Urban Affairs Committee for hearing, advanced to General File. There are committee amendments, Mr. President.

SPEAKER KRISTENSEN: Senator Brashear, you're recognized to open on 317.

SENATOR BRASHEAR: Mr. Speaker, members of the body, Legislative
